About Movie Trivia Night
Movie Trivia Night is a popular monthly event regularly filling our Sky Room Café. Teams of six or fewer answer 60 questions about actors and actresses, awards - and everything else associated with the world of film - in a battle of knowledge for cash and other prizes. Questions are projected on our big screen in the Sky Room Café, providing a great platform for visibility of your sponsorship. Be a part of this fast-paced, fun-filled evening, packing the house night after night.

About the Cinema Arts Centre
The Cinema Arts Centre (CAC) is Long Island’s premiere, year-round, independent and international film showcase and its only 501(c)3 not-for-profit community cinema. Located on Long Island’s North Shore, just an hour from Manhattan, the CAC is unique in scope and programming, with three state-of-the-art theaters, including a main auditorium holding nearly 300 seats. The CAC offers compelling American and international films, restored classics as well as entertaining popular films, adventurous and cutting edge films and a remarkable array of monthly film series, often coordinated with music, art exhibits and more. Educational programming includes workshops in screenwriting and filmmaking. An enlightening Film Arts in Education program enhances curriculum for Long Island middle school and high school students.

The CAC has hosted countless in-person discussions and receptions with directors, celebrities, scholars, and critics, including Robert Altman, Charles Burnett, Ed Burns, Steve Buscemi, Leslie Caron, Harry Chapin, Tony Curtis, Edie Falco, Danny Glover, Samuel Goldwyn, Jr., Celeste Holm, Byron Janis, Ang Lee, Spike Lee, Lynn Redgrave, George Romero, Isabella Rossellini, Paul Schrader, John Turturro, Wim Wenders, Debra Winger and many more!

In the spirit of community, we offer a multi-purpose meeting place, the Sky Room Café. This space is a 2,200 square foot room which overlooks a picturesque sculpture garden with a patio dining area, and serves as an ideal venue for special events, receptions with filmmakers and guest speakers, a meeting place for patrons, and has film exhibition capabilities. We follow the guiding principle of showing films that don’t pollute the mind, and providing food that doesn’t pollute the body. For this reason, our Sky Room Café offers a variety of organic and all-natural menu selections.

Additionally, many community groups use the CAC as a platform for education and advocacy around issues such as the environment, healthcare and human rights. The CAC contributes meaningfully to the quality of life in our community, has a positive impact on the local economy, and provides a venue for fellowship and the exchange of ideas. The CAC is a true community center.
