

About the Cinema Arts Centre

Established in 1973 by founders Vic Skolnick and Charlotte Sky, with their son Dylan Skolnick, the Cinema Arts Centre (CAC) has brought residents together to form a movement around film culture that has contributed to defining our area as a cultural destination and an arts-rich community. Our recently renovated facility has three main theaters and a big screen in our Sky Room Café which serves as a multi-purpose space where we often present community programs, as well as an outdoor garden space.

The Cinema Arts Centre is open 7 days-a-week and presents daily screenings of first-run American and international independent films. In addition, we have a variety of monthly series, limited series, festivals, and special events. In 2023, we presented over 500 special events in addition to our daily first-run screenings. Our vision is to provide the broadest range of film programs possible, while also providing a curated experience in which our audiences are exposed to programs of great artistic merit.

Events are often coordinated with music, receptions and special guests.
